Discover the Martinsburg Advantage

Externship Partnerships

Partners will:

- Make a positive impact on their industry.
- Prepare and develop the next generation of quality healthcare professionals.
- Gain access to highly skilled individuals to build a business development pipeline.

Students will:

- Apply classroom learning in a professional medical environment.
- Practice professional and medical assisting competencies in the workplace.
- Develop connections in the healthcare community.

Martinsburg College will:

- Prepare students for success in the field.
- Develop key partnerships with healthcare professionals to prepare students for success.
